

Year 2

Let's Explore Home Challenges

For the first half of the spring term in Year 2 our theme is 'Let's Explore'. Our learning is based on learning about the Polar Regions, Antarctica and the Arctic. We will be exploring what these places are like and about the animals that live there.

We would love for you to get involved over the next few weeks with your child at home too, so here are some ideas for you to choose from. Home learning can be brought into school or shared on clasdojo. We look forward to seeing it 😊

Imagine you are an explorer and write a diary entry of one of the days spent in Antarctica or the Arctic.

Make a model of a Penguin or Polar Bear.

If you were a Polar Explorer, what would take with you? Think about clothes, a special item, food and equipment.

Find out about other explorers who went to Antarctica, create a fact file.

Make a collage a Polar Region using different shapes to create the ice and ice bergs. Maybe add some penguins or polar bears to your picture.

Create a simple job advert for a Polar Explorer to go on expedition.
