

12th September 2024

RM[™]easimaths[™]

Dear Parents/ Carers,

This week your child will be coming home with a login to a maths resource called **RM EasiMaths**. This app can help support your child with their maths learning and is designed to be personalised to their individual needs.

The children will start to become familiar with the app in Year 1 over the next few weeks. They will have opportunities to access it during the school day for extra practice. We would encourage your child to access it at home so they can complete some extra maths practice, even just 10 or 15 minutes a week would support their maths learning and help progress their skills.

The app allows the children to work independently and your child will receive rewards through the app once they have mastered new skills.

If you have any questions or problems please do not hesitate to speak to your child's class teacher. Staff in our bases will discuss this with parents of children accessing Starlight or Rainbow Room.

Thank you for your continued support.

Kind regards

Miss Goodman
Maths Lead
